**USAF Needs 800 Teachers**

An extensive campaign to employ 800 school teachers for 63 elementary and 25 secondary schools in 16 foreign countries was launched today by USAF representative Robert S. Boyd, chief of the Air Force Overseas employment office in Los Angeles.

"Each year the number of applicants far exceeded the number of vacancies and this provides us with a tremendous advantage in selecting the cream of the crop for our schools abroad," Boyd indicated. "This has aided our recruitment in other categories in that we can assure the family that their children will receive their education abroad in an educational system which is second to none."

A few of the benefits which make this program so attractive include transportation and living quarters furnished at Air Force expense. In some areas, allowances from 10 to 25 percent are paid in addition to the basic salary and the teachers' cost of living is reduced by providing commissary and post exchange privileges.

Vacancies exist in Azores, Bermuda, England, France, Germany, Iceland, Japan, Labrador, Morocco, Newfoundland, Okinawa, Philippine Island, Saudi Arabia, Spain, Tripoli and Turkey.

The gross annual salary for elementary and secondary teachers is \$4525 and for administrative personnel from \$5440 to \$6390. The tour of duty is for one year but renewable at the teachers' option.

In order to qualify, teachers must file a bachelors degree from an accredited school, a minimum of two years completed teaching experience at the time of interview and valid teaching certificate. Age limits for women are 23 to 40 years and men between 23 and 50 years.

Representatives of the Air Force overseas employment office will conduct interviews from February 10 through 15, 1958, at the California Department of Employment office, 525 S. Flower St., Los Angeles. Interviews will be conducted from 9 a.m. to 3 p.m. on February 12 and 15 and in the late afternoon hours on all other days indicated. Applicants must make appointments in advance by phoning RI-86511, EXT 360 and are requested to present their applications, teaching certificates and their college transcripts at the time of interview. Application forms and pamphlets regarding the program are available at the above office and will be mailed upon request.

**Salvage Drive Gets Underway**

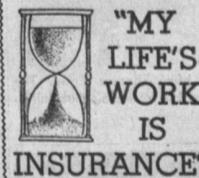

Continued expansion of Southland population has created an increased demand for salvage articles. It was reported by Appellate Justice Thomas P. White, president of the St. Vincent de Paul society.

In most cases families arriving here from the east and mid-west are self-sufficient, but illness, accident or death often forces them to seek assistance, Justice White pointed out.

Cast-offs collected are reconditioned and made available to poor and low-income families at five St. Vincent de Paul stores. Especially needed at present is warm clothing to replace low stocks for local consumption.

This includes suits, dresses, coats, sweaters, undergarments, shoes of all sizes for both adults and children.

Materials can be donated by calling Terminal 4-4533, Harbor area.

John N. Conshafter  
"I got into it by choice, and I like it! It deals with personal insurance problems, which means I work with people. I help them buy their cars, protect their homes and plan their future security. These things are interesting and they are worthwhile. Let me help you with your personal insurance problems soon. I regularly receive special training for this work, too, so that I can continually serve you better."
